GREATER PENINSULA WORKFORCE BOARD LIST OF POSSIBLE REASONS A VENDOR'S APPLICATION (Which Meets all Standard State/Federal Requirements) MAY NOT BE APPROVED LOCALLY

The Greater Peninsula Workforce Board's policy governing the possible reasons a Vendor's Application may not be approved locally even if it meets all standard State/Federal requirements is as follows:

- Unsatisfactory performance outcomes for our funded participants over the last year.
- Documented customer complaints relating to current ITA Vendors seeking renewal.
- Programs that are new and have no track record of providing training services to any participants or programs that have been in existence for less than 1 year.
- Programs that cannot demonstrate any recent training activity on the Greater Peninsula during the last year.
- Programs that, based on a site visit, do not have the capacity to provide the proposed training.
- Unsatisfactory performance based on provider self-reported data for all students, not just those we may have funded.
- Programs for occupational areas not seen to be in-demand for our region or do not result in a competitive wage level leading to self-sufficiency.
- The Board determines the Vendor's application (or individual programs as cited) does not meet the local area's training focus or needs at this time.
